

GMCL – a Linear Division 4

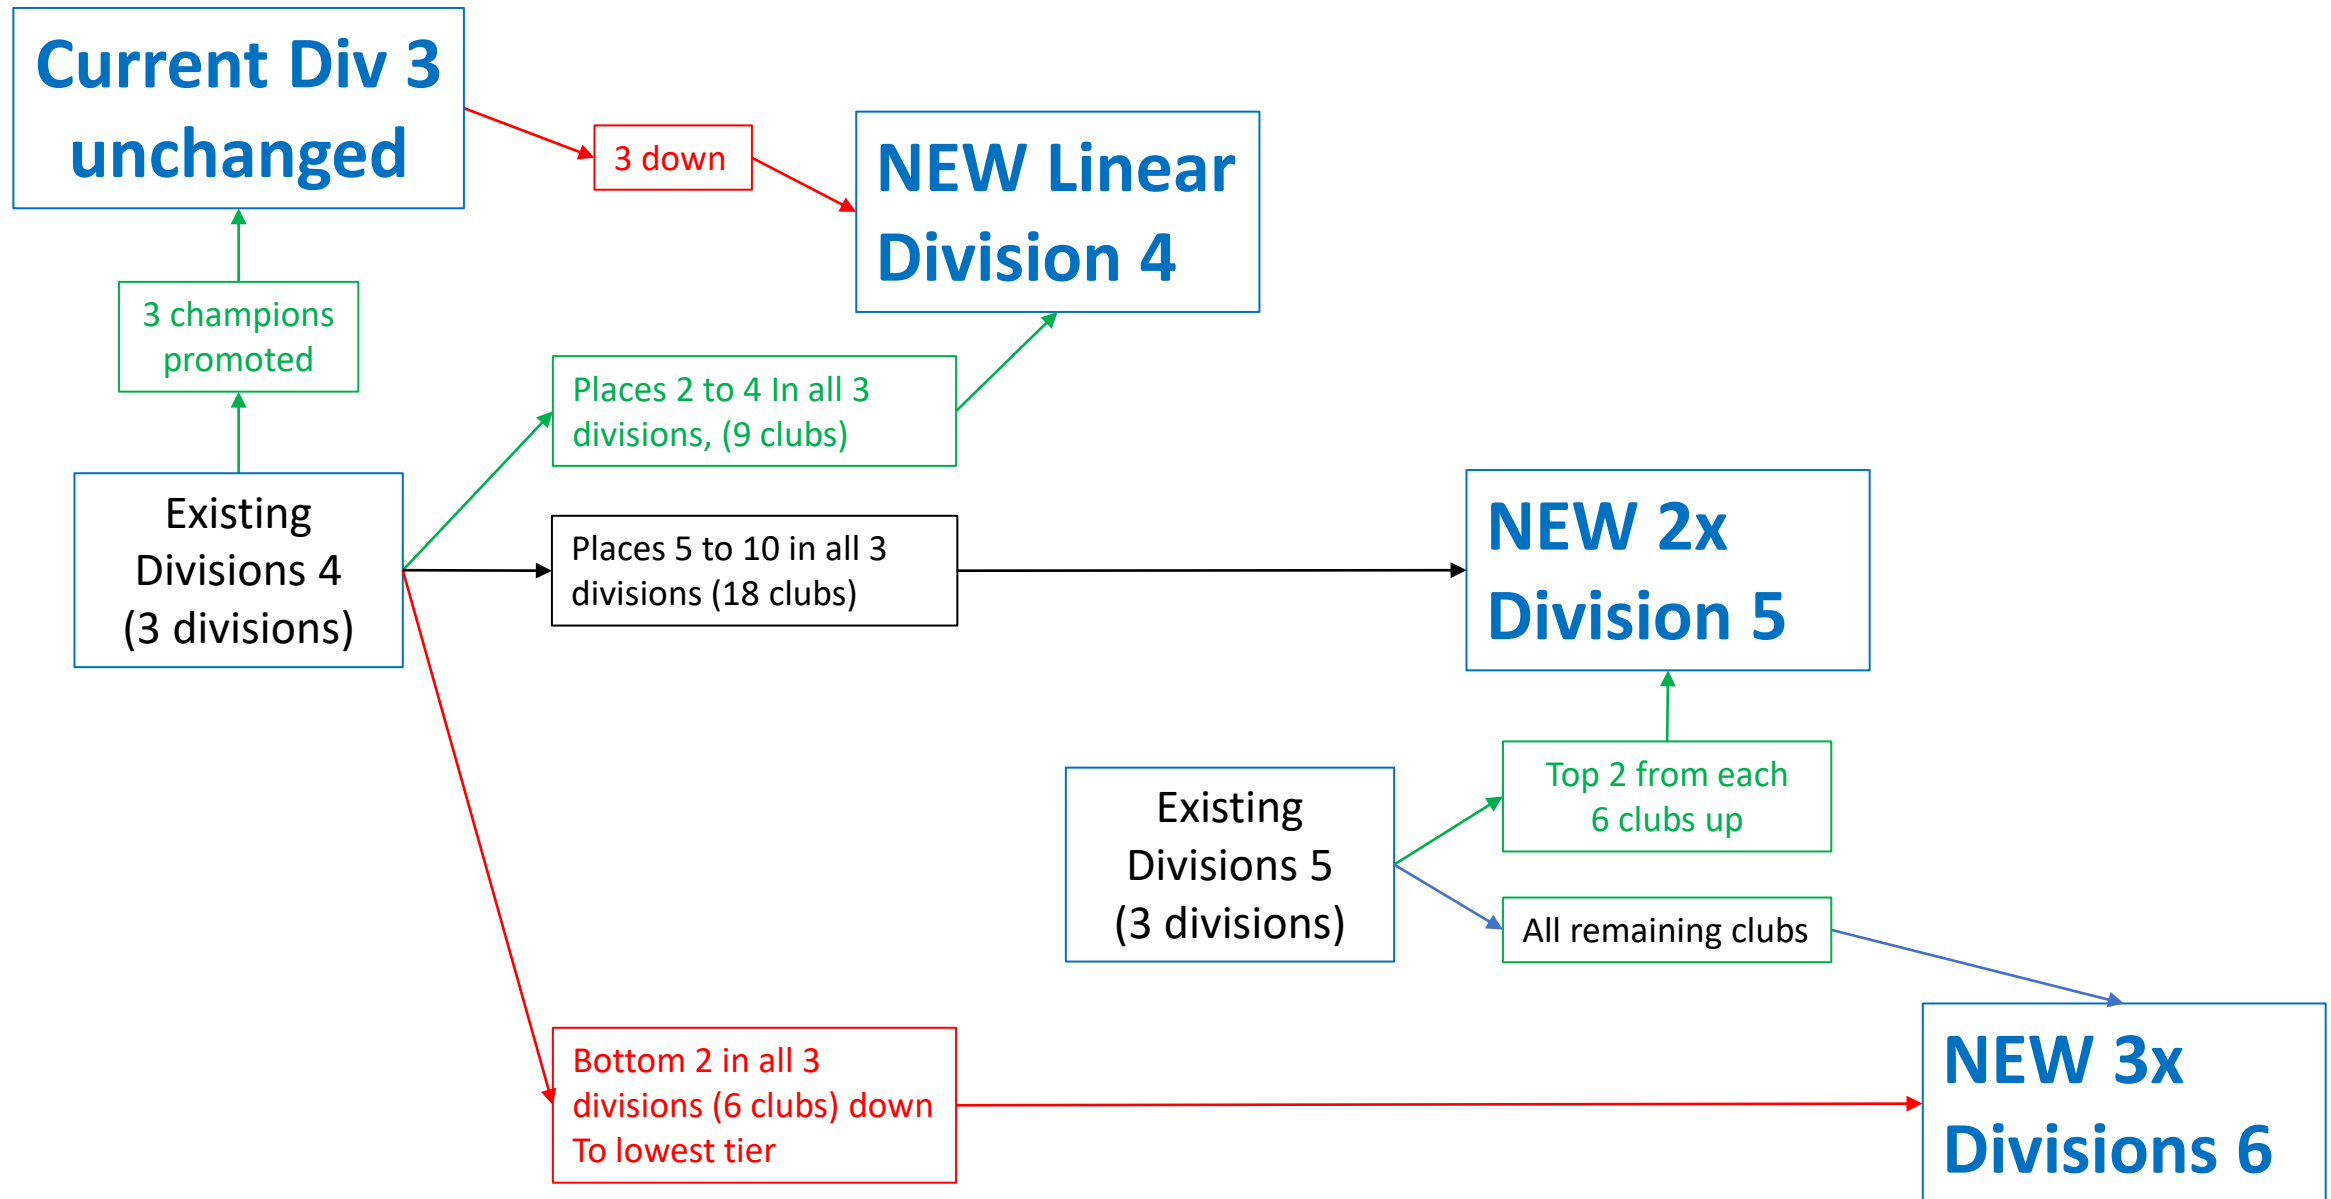

At the end of 2024, we will create a new Division 4 (“Linear Division 4”) between Division 3 and the 3 Existing Divisions 4

There will then be 2 regional divisions 5 (at old Div 4 level) and 3 regional divisions 6 (at old Div 5 level)

The Reason

- To create a further linear level to help increase consistency of competition as far down the Saturday structure as possible
- Whilst still maintaining more regionalised cricket in the final 2 tiers of the Saturday structure
- And ultimately creating an easier path out of the regionalised tiers with more promotion from them

At the end of the 2024 Season.....

At end of 2025 and beyond....

- Div 3 – 3 down
- Div 4 – 3 up, 4 down
- Divs 5 (x2) – 2 up in each, 3 down in each
- Divs 6 (x3) – 2 up in each
